Note

This section of *The All England Law Reports Annual Review 2007* does not contain the usual material for the year which updates the Code set out in the author's textbook *Bennion on Statutory Interpretation*. This is because the fifth edition of that work, which was published in December 2007, contains around 200 references to cases reported in 2007 and it is considered unnecessary to add further updating material here.

It is intended to resume publication of full updating material for Statute Law in *The All England Law Reports Annual Review 2008*.

Later unpublished Note The fifth edition of *Bennion on Statutory Interpretation* was not published until 2008. Publication in *The All England Law Reports Annual Review* of updating material for that work was never resumed.
