Enjoy the view while you can

The best view of Budleigh Salterton, and its beautiful setting in Lyme Bay, is from the war memorial on a hill to the east of the town. One can enjoy this splendid view for a quarter of an hour continuously by walking down the hill to the town. I urge residents and others to take this walk while the view is still unspoilt. If the proposed Longboat development is carried out the view will be ruined by the excessive size and height of the development and the incongruous materials to be used in its construction.

Francis Bennion.
