

Letter in *Exmouth Journal*

Councillors should protect views

Our district councillors seem unaware of the vital need to protect the magnificent views in this area. On 10 June you published a letter from me [<http://www.francisbennion.com/2010/018.htm>] pointing out that their provisional approval of the Longboat development imperils the best view of Budleigh Salterton, from the road leading down from the war memorial.

Now we have complaints about the siting of beach huts, which has created a 'tunnel' hiding the sea on the walk to the Lime Kiln car park. Beach huts should not be placed in a situation where they seriously obscure views of the sea.

Francis Bennion.
